OPENING DOORS

Griff Werk originated in Bretonne, Northern Italy in 1946. As Griff Werk developed the company set up new premises in Germany in 1999. The Italian roots are still present within their stylish range of products but are now coupled with German engineering, present an elegant and ingenious product range for the glass and wooden door industry. The beautifully crafted products of Griff Werk offer flexibility and durability within a home or commercial environment, adding style and sophistication to any property.
